WAS ALMOST DISCOURAGED

Constant Headache and Much Soreness and Pain Nearly Got the Best of This Harrisburg Lady, But Cardui Made Her Well and Strong.

Harrisburg, Ark.—Mrs. J. M. Needham, living near here states: "When I began working on me I suffered a great deal. I had so much soreness and pain in the lower part of my body I could hardly get up when I was down. I would have given pains, all across my back, and my sides hurt me all the time. I would have headaches constantly, especially the back of my head and neck. I was almost discouraged with my condition when I thought of Cardui, and decided to see what it would do.

I saw an improvement at once after the first bottle. I kept it up and the result was wonderful. I took altogether four bottles. I grew stronger, better appetite, less pain until I was well. I think Cardui is a God-send to suffering women, and I certainly can praise it, and do so."

For more than 40 years Cardui has been in general use and in that time thousands have written to tell us how it helped them back to health and strength.

THINKS NOTHING ELSE QUITE SO GOOD FOR COUGHS AND COLDS

Memphis Man Indorses Lung-Vita, Now Called L-V.

"Sometimes ago my attention was called to Lung-Vita as being an excellent medicine for coughs and colds," says Mr. J. H. O'Keefe, 400 Main St., Memphis, Tenn. "I used it for a deep-seated cold and found, it even better than I had been recommended. I got almost instant relief, and the cold disappeared. I do not think there is anything else quite so good for coughs and colds as Lung-Vita. Not only from personal experience but from observation of its good effect on others, I am glad to give my endorsement to Lung-Vita." Since Oct. 1, 1936, Lung-Vita has been called L-V. The change, however, is in name only, for the medicine itself is the same as that Mr. O'Keefe used and recommends. Until his present supply is gone, your druggist will furnish you Lung-Vita under the name of Lung-Vita, after that under the name of L-V.

For COUGHS and COLDS

Get a small bottle of "Danderine" at any drug store for a few cents. Rub a little into your hair and rub well into the scalp with the finger tips. By morning most, not all, of this awful scurf will have disappeared. Two or three applications often remove every bit of dandruff and stops falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color.

Wrinkles Disappear "As If by Magic"

"In the removal of wrinkles, I have discarded cosmetics entirely," writes Mrs. Corbin, the celebrated beauty expert. "The results they produce are deceptive and never permanent. Massage is only partially successful and it is too slow a method."

"I've never seen anything work such wonders as a simple, harmless solution as home without the least trouble. A half pint of which I use and an ounce of good powdered sassafras are all you need. Mix the two and apply this refreshing solution to your face daily. You will see the difference. The skin becomes firmer, tighter, every wrinkle and sag is affected. You feel so refreshed after using the wash, you feel so refreshed, too; soon you will look ten years younger."

BOGALUSA QUIET AFTER RACE RIOT

Three White Labor Leaders Dead; Two Men Shot And Negro Sought.

BOGALUSA, La., Nov. 24.—Bogalusa is quiet following the pitched battle of Saturday in which three white labor leaders were killed by police, two men were shot and a Negro sought. The American Legion post was organized here Saturday night and members by acclamation elected Jules E. Bianco, former army captain and the only special officer who was wounded yesterday, commander. The situation here is calm.

Three men are dead: Lum E. Williams, president of the allied trades council and editor of the Free Press, a local labor paper; J. P. Boudolier, union man, and Thomas Gaines, union carpenter. Two men are in hospitals from gunshot wounds. They are S. J. O'Rourke, secretary of the allied trades council, and Jules E. Bianco, owner of a garage and a special policeman.

Not known, alleged negro agitator and head of the negro union against whom a warrant for arrest has been sworn, is at large. James Williams, brother of the slain labor leader, is under arrest on the charge of shooting with intent to kill.

Twelve members of the Self Preservation and Loyalty league, an organization of 200 taxpayers citizens who are nonunion members and nonemployees of the Great Southern Lumber company, which operates several plants here, are facing a federal charge in New Orleans of unlawfully wearing the United States army uniform. The charge was made known by William L. Donnell, general organizer of the United Brotherhood of Carpenters and Joiners, following the deportation of Ed O'Brien, a union man, last Wednesday for alleged remarks against the killing of former soldiers at Centrais, Wash. A warrant is in the hands of the police chief here for the arrest of O'Brien if he returns to Bogalusa.

The Great Southern Lumber company has had its plant closed down, awaiting the arrival of a cylinder head for a giant engine before resuming full operation and is guarded by heavily armed patrols day and night, with machine gun and wire entanglements defense.

Reports were received here that William L. Donnell has telegraphed Attorney-General Palmer for an investigation of the latter of Saturday and that Donnell says his life has been threatened here.

SOCIALISTS MEET

REPUBLICANS WERE FOR SIMPLE NULLIFICATION, SAYS SENATOR, WHICH WILL LEAVE QUESTION AS IT WAS MONTHS AGO.

BY CHARLES S. HAYDEN.

WASHINGTON, Nov. 24.—The disappointment felt by administration senators over the failure of the treaty to be adopted was expressed by Senator McKellar in a statement which he issued just before leaving for home. The junior senator from Tennessee feels that this failure is attributable to the leadership of Senator Lodge and is convinced this will be so when the senate is reorganized at the regular session that the majority members will be forced to place some else in control of the committee on foreign affairs.

A statement given out by Senator McKellar follows: "I am deeply disappointed at the failure of the treaty to be ratified. We who believe in this treaty on yesterday voted to ratify the treaty just as it came from the president. The Republicans voted this down. We voted to ratify with reasonable amendments; amendments that safeguarded our right to withdraw without asking any questions regarding our having equal votes with England in all matters that concerned us. I am sure that the majority members will be forced to place some else in control of the committee on foreign affairs."

"The Republicans voted all these resolutions down and were unwilling to agree to anything else and except nullification of the treaty, as provided in its reservations. 'Those of us who honestly and sincerely believe in a league of nations, and in this league of nations, were unwilling to permit a resolution to pass nullifying the treaty.'"

"The Republican majority in the senate is surely a great disappointment. They have considered this treaty for nearly six months and under their leadership they have done nothing to bring it to a vote. The question is just where it was last July, save and except for the delay."

"Clearly there are two-thirds of the senate in favor of a league of nations. It seems to me that it is the duty of the Democrats and Republicans who favor the treaty to get together on the treaty in the senate and to guard every American right and not nullify the treaty, and agree upon it. I believe this will be done at the December session."

"The only gratifying result of the vote yesterday was the overwhelming repudiation by the senate of Senator Lodge's leadership. Under his leadership the foreign relations committee first reported its amendments. The senate, by a most considerable majority, bordering on two-thirds, repudiated every reservation."

"Apparently in a rage, Senator Lodge introduced last night a resolution to declare the state of war with Germany at an end. If this should carry it would mean the loss of all our ships that we took over from Germany and the loss of \$750,000,000 in cash that our government now has in its hands."

"I do not believe that the American people will stand for a resolution containing such terms. We would also be liable for every damage we had done Germany."

"I do not believe that Senator Lodge will put this resolution when he gets in a good humor. If he should some of us certainly will seek to add the peace treaty, including the league of nations. The fight might as well come up there as anywhere else. There will be no closure on such a resolution."

TURKS AND SERBS EAGER FOR PEACE

PARIS, Nov. 24.—The sublime porte has applied directly to the peace conference for an early solution of the Turkish question, giving serious reasons necessitating the rapid conclusion of peace.

The Serbian delegation here has received notice from its home government that after an examination of the St. Germain treaty the government longer has reason to oppose the signing of the document.

GREAT ACTIVITY IS SHOWN BY VOLCANO

HILO, T. H., Nov. 24. (By the Associated Press)—Kilauea, said to be the most constantly active volcano in the world, is showing the greatest activity in 10 years. Mauna Loa, which recently overflew its crater, the lava stream flowing into the ocean is quiet.

Kilauea is a crater at an altitude of about 4,000 feet on the lower slope of Mauna Loa, on the island of Hawaii, nearly eight miles in circumference and 400 feet deep. It incloses 2,400 acres of solidified lava, of which a white pit more than 1,000 feet in diameter called "the house of everlasting fire."

B'NAI B'RITH IS LAUDED FOR WORK OF SIXTY YEARS

Speakers at Anniversary Celebration Declare Order Stands For Peace of World And Loyalty To Nation.

Members of the Independent Order of B'nai B'rith, one of the great fraternal organizations of the Jewish faith, have enjoyed to the full the celebration of the 60th anniversary of the organization, which began Sunday morning and will be concluded Monday night with a reception and dance.

Milton B. Rose, president of Memphis lodge No. 30, and members of the committee of arrangements, of which Samuel Schloss is chairman, have been congratulated warmly upon the celebration of the 60th anniversary of the activities of the lodge which has been evident during the present year.

Mr. Schloss, grand master of the B'nai B'rith of Memphis, is the only surviving charter member of the Memphis lodge, which is organized in 1876, in an old building which faced Court Square, where the Odd Fellows building now stands. Mr. Schloss is also one of the few men now living who organized the Congregation Children's Aid Society, and an auditor of the city for the visiting members and officers of the district grand lodge was the anniversary service at the Poplar Avenue temple.

Addresses were made by A. Leo Oberdorfer, Birmingham district president; Victor H. Hexter, Dallas, Tex., first vice-president; A. B. Preyer, Shreveport, La., second vice-president; Judge Israel Peres and Milton B. Rose, Samuel Schloss read a history of the local lodge which will be preserved in the lodge archives. Dr. Finckler pronounced the benediction. The musical program was in charge of Mrs. Sam Oppenheimer, organist of the temple.

The speakers dwell upon the loyalty of Jewish citizens of this country during the war, and always, and Mr. Oberdorfer took occasion to regret that the senate did not ratify the peace treaty and the league of nations covenant. He said this sentiment was his own, but that he believed that it reflected that of a vast majority of the people of this country, who had faith in President Wilson and his efforts to insure a world peace of justice.

Local and visiting members of the order will be entertained Monday by members of the B'nai B'rith. The entertainment Monday night will be held at the same place and will conclude with a supper and dance.

FAULKNER COUNTY IS WITHOUT CIVIL FUNDS

CONWAY, Ark., Nov. 24. (Sp.)—A continuing feud between the Faulkner county totally without administration of civil matters, is indicated by a preliminary decision by County Judge J. A. Lee, not to recall the levying court. His failure to reach an agreement with the court at its regular sitting in October blocked all appropriations, and now county administration is impossible.

It was announced by Judge Lee last week that the court would be recalled. Now he says he does not know what he will do, since hearing that a majority of the court will insist upon a statement from him of his course on farm demonstration support in the event it is allowed by the court. Faced with this possibility, Judge Lee has recalled his decision and does not know what he will do.
